How to keep your home safe while on vacation

TIP:

Don't announce vacation plans or share too much information of your absence on emails or social media. This can alert potential thieves.

TIP:

Control your lights with smart plugs or timers. Have your lights turn on/off automatically while your away by programming your smart plugs or timers to make it look like someone is home.

TIP:

Unplug small appliances.

TIP:

Leave blinds and curtains partially open while carefully keeping valuables out of sight.

TIP:

Unplug unnecessary electronics and prep smart gadgets. To avoid problems, disconnect your television, computers, sound systems, and other devices , or plug your electronics into a surge protector.

TIP:

Not taking your vehicle? Remove any personal documents from inside. Tuck these in a safe space along with vehicle keys.

TIP:

Clean out fridge, take out all trash

TIP:

Avoid having any amazon or other packages delivered while you are away.
